B: VETERINARY HEALTH AND MEAT INSPECTION CERTIFICATE

I, a veterinarian
authorised thereto by the Veterinary Authority of the Republic of South Africa hereby certify that the product(s) described in
Section A:

B1. Animal Health Requirements:

1. Was derived from animals which:
 - 1.1 are of South African origin
 - 1.2 originate from the OIE recognized Foot and mouth disease free zone of South Africa and from farms not under veterinary restriction for FMD control or any disease to which the species is susceptible.
 - 1.3 were not vaccinated against Foot-and-Mouth Disease.
 - 1.4 In the case of **PIGS** are from approved piggeries outside the ASF controlled areas;
 - 1.5 were slaughtered at an abattoir approved for export to Namibia by the official South African veterinary authority
2. The products:
 - 2.1 were processed at a veterinary approved processing facility, monitored by the South African Veterinary authorities and where hygiene conditions are satisfactory in all respects.
 - 2.2 Are safe and unconditionally fit for human consumption.
3. The markings on the packaging containing the finished product are fully descriptive and identify the plant of origin
4. The Republic of South Africa is historically free from Rinderpest, East Coast Fever, Vesicular Stomatitis, Scrapie, Swine Vesicular disease, Enterovirus encephalomyelitis of swine, PRRS. and Bovine Spongiform Encephalitis.
5. The meat was loaded and the truck/container sealed immediately after loading at the approved facility, under my supervision.
